

# Primo Ledeboer Gill

## Software Developer

914-491-0993 | primoledeboergill@gmail.com | NYC, NY | <https://www.linkedin.com/in/primo-ledeboer-gill/> / <https://github.com/primolg>

## TECHNICAL SKILLS

**Languages:** Javascript, HTML5, SQL, CSS

**Tools:** VSCode, Github, Adobe After Effects, Postico

**Other:** Node.js, React, Express, Sequelize, Postgres, Redux, Less Css

## TECHNICAL PROJECTS

**Book Beasts | Developer | 10/22 |** <https://github.com/primolg/Book-Beasts>

- Developed with Node.js, Psql, React, and Redux.
- Content management system for children to write books using templates, and instructors/parents to manage their students' content and leave feedback.
- Created a WireFrame to plan vertical slices for each team member, including design mockups.
- Created the student view vertical slice including the "create/edit-book" feature.

**League of Legends Ecommerce Store | Developer | 9/22 |** <https://github.com/primolg/League-of-Legends-Cards>

- Developed with Node.js, Psql, React, and Redux.
- Made a WireFrame to plan vertical slices for each team member.
- Implemented the RiotGames LoL Api to populate our database with cards for characters/champions.
- Created a guest Cart feature in the redux store that merges with the user cart once logged in.

**NS Meetup | Developer | 11/22 (in progress) |** <https://github.com/primolg/NS-Meetup>

- NS meetup is a solo application that finds public transit trips, recommends meeting points, and an easy way to share and track your trips with friends.
- Developed using React js, HTML, Less CSS, and Axios.

## EXPERIENCE

**Freelance Graphic Designer | NYC, NY | 2018 - present**

- Created artworks for the weekly Parasha articles for the Dutch-Jewish magazine De VrijdagAvond <https://devrijdagavond.com/?s=primo+gill>
- Designed Album Artworks/Posters/Merch design/Book covers/business cards.

## EDUCATION

**Fullstack Academy Web Development Bootcamp**
